Especially in times of political and economic uncertainty, investors turn to assets like gold.

This has helped fuel a rapid rise in the price of the precious metal, which hit new highs in 2024.

In addition to speaking with experts about where gold is headed in 2025, we also explored the future of alternative investments and investment strategies more broadly.

I hope you'll check out the article, along with the rest of this week's stories.

As always, thank you for reading. Happy New Year! Talk to you next Thursday!
